g. Ascertained the most economical and efficient method of furnishing vehicular support in the metropolitan area of Washington.

h. Developed and published procedures for reporting motor vehicle accidents.

i. Developed and distributed to Area Divisions rate tables for the purpose of estimating transportation costs.

j. Department of Defense logistical support directives have been distributed within CIA on a world-wide basis.

3. During the last six (6) months of FY-54, the Logistics Office anticipates major progress in the accomplishment of those objectives as indicated in enclosure 'c'. These objectives will be reviewed at the end of the third quarter to determine the extent of progress, what new objectives should be added and to publish a revised summary.

4. The completion of those projects and/or programs as indicated in enclosures 'a' and 'b' and in paragraph 2 above indicates that continual progress has been made during the past year toward placing the Logistics Office in a better position to accomplish its mission and to carry out its responsibilities. Every effort will be made to accomplish those objectives listed in enclosure 'c' during the last six (6) months of the current fiscal year.

5. It should be noted that during the second quarter of FY-54, ten (10) projects and/or programs were completed and are now in operation.
